### KAPPER REVEALS FAULTS OF OUR MARKETING PLAN

Kansas Senator Talks of Waste Now Permitted and Causes of Shortage in Some Sections.

BY ARTHUR KAPPER, (United States Senator from Kansas-Written especially for the Inter-

national News Service. WASHINGTON, Dec. 27.—Something is radically wrong with a na-tional system of distribution which permits of absolute waste of food products in one section of the coun-try when in other sections there exists good demand. That condition occurs frequently in the United States. In the fruit-producing sec-tions of Michigan and New York press reports declare that large quantitles of fruit rotted and was wasted because there was no market for it. At the same time high prices pre-At the same time high prices pre-vailed for fruit in the Midwest, where the crop was cut short by late spring frosts. Producers in New York and Michigan, the reports state, did not obtain profitable prices for their crop despite the fact that other sections of the country were anxious to buy Probably inadequate transportation facilities and shortage of labor were factors in this condition. But at any rate the system of distribution How Dollar Is Divided.

There is an enormous spread be-There is an enormous spread between the price and producer, obtains for his, products and the price the consumer pays for them. This spread occurs in the marketing and distribution of those products. The Callfornia Fruit Growers' exchange made an investigation to determine how the consumers addlar was divided. consumer's dollar was divided. Thirty representative markets were obtained, and 5,485 reports were obtained. The results showed that the factors entering into the division of the consumer's dollar spent in buying citrus fruit in 1914, are:

Retail distribution cost (gross) 22.3 per cent; jobbers' distribution cost (gross), 8.2 per cent; growers' selling cost, 1.5 per cent; freight and refrigeration cost, 20.5 per cent, packing houses cost, 7.4 per cent; cost of picking and hauling to packing house, 24 per cent; proportion retained for fault on the tree, 25.7 per cent. These figures are supplied by G.

Harold Powell general manager of the California Fruit Growers' exchange, Los Angeles. They show that the re-tailer gets 33.3 per cent and the grower 26.7 per cent of the consumer's dollar. The cost of jobbing and retailing is 41.5 per cent. In one St. Paul Mercantile Establishtown the jobber's markup was 10 per cent, and in another town 22 per cent, showing a wide variation.

are the highest in any civilized country-fully 25 per cent higher than Where Farmer Loses,

wholesaler will show that decreases wagons and trucks.

In price find immediate reflection on Utilization of the mall service for

but a lagging increase."

Prices of bogs obtained by farmers, prices paid by the consumer and the margin between, as shown in government statistics for 1914, 1919 and 1920, indicate an enormous loss work by adding seven trucks and the both the reducers and the consumer and the consumer and the consumer and the post-office department has been able to handle the additional work by adding seven trucks and

Price of hogs in principal states by the stores have been eliminated per 100, pounds: 1914, \$7.45; 1919, under the new system, with attend-\$16.27; 1920, \$15.37. Price of cured ant men and horses. Another point products to consumer for the 100-pound hog: 1914, \$18.97; 1919, \$37.23; 1920, \$37.71. Margin between

While the farmer has gained about \$7.92 in price the margin has increased by \$10.82 to the consumer. The consumer has paid 30 cents more while the consumer has paid 30 cents more while the farmer got 90 cents less during the last year.

Faulty Transportation.

Inadequate transportation facilities add to the costliness of the distribu-tion system. In the face of a car shortage the producer can not move his products readily, and often is forced to sell on a glutted market at low prices. The consumer, on the other hand, is forced to pay an in-creased price for his foodstuffs due to a lack of equipment to bring the commodities to market. An investi-gation made by the United States Food Administration showed that in the case of potatoes the margin be tween the producer and the consumer roadehed 100 per cent in periods of car shortage.

Enormous numbers of persons are engaged in the final processes of distribution, increasing the cost. One The result of such a condition is that for all missing cars.

the retailers operate on a high mar
An ordinance requiring all motor-

ful system of distribution is an un-fair tax on both the producer and the consumer. This can be reduced. It will be possible to place a larger part of the consumer's dollar in the hands of the farmer and at the same time supply food to the cities at a

#### **HOMESPUN SUIT FOR** HARDING BEING MADE

BOSTON, Mass., Dec 27.—The homespun sult made for Vice-Presi-dent-elect Coolidge during the lec-tion campaign is to be matched by a suit of homespun for President-elect Harding. The fabric is being woven on a loom 165 years old by Mrs. Laura A. Jackson, of this city on whose farms, in Bethel, Vt., the wool was clipped from native sheep, Mrs. Jackson, notwithstanding advanced years, put the wool through every process necessary for its conthe fabric will be a heather color in day, Jun. 11. 1921, between a subdued shade. version into cloth. \$918, \$21.06; 1920, \$22.34. The stores participating in the parcel post delivery all are register\$7.92 in price the margin has inare wrapped at the store, precancel-ed stamps are affixed and the packages placed in bags which are picked up by postal trucks at 6 p.m.

First the packages are taken to

the central postoffice building, where they are sorted and distributed during the night to 15 substations throughout the city. From these substations they are delivered, according to size and weight, by foot postmen or trucks, before 9:30 a.m. A second delivery is made during the day, but the morning delivery dles the bulk of the business.

#### **500 AUTOS STOLEN** A MONTH IN CHICAGO

CHICAGO, Dec. 27.—More than 500 stolen automobiles a month is Chicago's record up to date this year, according to Detective Sergi George O'Conner, head of the auto-mobile detail. Of the 5,547 carcity has one meat retailer for every mobile detail. Of the 5,547 cars 400 inhabitants. It has been carestolen during the year, however, fully estimated that one dealer could adequately serve every 1,200 persons.

gin and that only a small income is obtained by any of them.

Thus it is evident that our waste- be of great assistance in reducing the number of cars which disappear daily, according to Sergeant O'Con-

ner.
"Suspicious persons driving automobiles can be questioned and if they are not able to produce a card showing that they are the owner of the car, it will be easy to find out if they are thieves on driving with the owner's consent," the detective

sergeant declared.

The owner's court record, which is to be entered on the back of each card, will also be of assistance to an arresting officer, O'Conner said.

LANDS AND FARMS.

THE Santa Fe has built a new branch rallway, ime through the south plains regions of West Texas. A new farming and live stock region with new towns is being opened up. This territory already is partly occupied by a good class of settlers and crop possibilities proven by actual experience. Here you can profitably raise cotton corn, sorighum and fruit. It is an ideal live stock and dairy country. Low prices for untiled lands and very easy terms. Move in early and take first pick. Write today for free litustrated folder, T. C. Spearman, 23 Lanta Fe Bidg. Blythe, Tex.
